APEA table for submission

The APEA welcomes the efforts of those who comment in its Codes of Practices, Guidelines, etc. during consultation rounds. To assist those reviewing such comments, it would be helpful if they are made on the following table so that they are clearly referenced to the text and the rationale is understood. Each comment should make one point only, be clearly seperated from others, and be structured in clause order under the headings below.

Title: **First draft of 4th edition of - Design,construction, modification, maintenance and decommissioning of filling stations. (BLUE BOOK)**

Commentator (name, company, organisation):	**Draft No**: Stakeholder review	**Project No**: D1601	**Review Date Deadline**: 30th June

General comments (readability, layout):

Section Number	**Paragraph/ Figure/ Table**	**Type of comment** (general/ technical/ editorial)	**Comment** (with rational)	**Proposed change**	**Comment resolution**
